Description: This event is a Regional Navex Rally, run over paved and good quality gravel roads. Speeds are kept at a maximum of 10 % below posted speed limits. Where no posting can be found, the posted limit is presumed to be 80 kph. The instructions are very straightforward for the Novice class and slightly more challenging for Experienced.

All of the route can be found on topographic maps 21 A/16; 21/H 1; 21 H/2

The route is a touring format, leaving Windsor we go through Bishopville; White Rock; Harbourville; Port Williams; and Garlands Crossing.

Eligibility: Vehicles must be licenced and insured and possess valid Motor Vehicle Inspection as required in the province of registration.

Regional competitors must show valid current "ARMS" club membership.

Novice competitors must show a current "ARMS" membership or purchase a one day licence.(\$5.00)

Note: all competitors and marshals must sign the CARS Rally waiver at registration before the start. Valid proof of Vehicle registration and Drivers' licence must be shown at registration. Minor (under 19 in N.S.) participants (drivers and navigators) require the written permission of either parent or guardian.

To qualify as a finisher, you must check in to the final control within maximum time limits under your own power, and you must have checked in to 75 % of the remaining placed checkpoints.

Length: 259.95 total km.77.7 km gravel) Experienced and 216.58 km. total. (50.8km gravel) Novice

Each competitor will start at 2minute intervals.

All Checkpoints are located at the top of the minute. Scoring is done from checkpoint to checkpoint. That means if you are 2 minutes late at a checkpoint you cannot gain this back by being 2 minutes early at the next checkpoint,

Scoring: Each of the checkpoints will be timed to the minute. One Penalty Point will be assessed for each minute late to a maximum of 30 per checkpoint.

One penalty point will be assessed for each minute early to a maximum of 15 minutes per checkpoint. In order to make sure that the checkpoint crew does not wait too long for a missing crew there is a maximum lateness penalty. It is 30 minutes for the first three sections and 45 minutes for the rest of the rally, except 60 minutes at the final control. This time is accumulative from the start of the rally.

Each checkpoint will have car "O" section, distance and time available upon request.

Car "O" time will include a 2 minute time out at each checkpoint.

Missed checkpoints are assessed as 30 points Missed.

Exceeding maximum accumulated lateness scores 30 points Max at each Check Point.

Car "O" times at section ends are assuming all checkpoints are placed.

Improper control procedure 5 points after first warning on route card.

IE: Wrong direction, leaving door open, backing in a control zone, weaving across the road, blocking the road to the normal flow of traffic, or changing direction of travel while within sight of a control.

No special equipment is needed to complete the course.

Normal equipment that will come in handy are: pencils; paper; a watch; and a calculator.

Awards: Dash Plaques to the top three in Experienced, and Novice.

Start positions: Experienced, a seeded draw will take place after the close of pre-registration. After that entrants will be accepted on a first come first served basis. Novice starting order will be on a first come first served basis.

In view of the current health conditions, we ask that all competitors agree that they have not travelled outside of the Atlantic provinces within the previous 14 days; and you have not shown symptoms of or been in contact with someone diagnosed with COVID-19. Face masks will be worn at the drivers' briefing.

At the checkpoint one of the crew, preferably the driver, will bring the score card back and the checkpoint crew will tell them the arrival time. The competitor will put this time on the card in the appropriate space. The time out is one minute plus the remainder of the minute you check in. Example

Check in 14:22:15. Time out 14:24:00
